Response to Amendment

This action is in response to the request for reconsideration filled on 6/24/05.

As per applicant's request claims 1-2, 4-15 and 17-22 has been considered but they are not persuasive.

Claims 1-2, 4-15 and 17-22 stand rejected under U.S.C. 102(e) as being unpatentable over de Vos et al. USPN 6,167,044.

In remarks applicant argues,

- I) "Commanding the end device to store content before a user specifically request the program".
- II) Receiving a command from the content distributor to store the program at user location before specifically request the program".

In response to applicant's request,

- I) It was noted that cited reference teaches to store the content on the end device and figures 1A,B.. depicts and allows user to navigate as well what is already available on the set up box (see column 3, lines 26-50 and column 4, lines 20-54). Therefore, examiner believes that end device is involve din storing contents and allows user to get the programs before his/her request because set up box also utilized in this process. Thus, limitations are met by the reference.
- II) It was also noted by the reference that it received command from the distributor to store the program at user's location (column 3, lines 56-64 and column 4, lines 39-54) depicts that delivery taken place from the distributor to user's location for the contents/program. Therefore, limitations are met by the reference.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
